PLEASE CHECK: CONDITIONS OF ENTRY TO BAWA COMPETITIONS

This event is for players with less than 100 Masterpoints as of 1st January 2024. Swiss Pairs is a competition that consists of a series of short matches where, after the first match, you will play against pairs with similar scores. So if you win a match by 7 points, in the next round you will play a pair that has also won by 7 (or thereabouts) points, and so on. A summary will be provided before the start of your next match. It is exciting going up a few tables and frustrating when you go down, but until the last round you have the opportunity to get near the top. This is a great learning experience if you are new to the game, or if you are wanting to improve your game.
