Country Pair Champions Qualification To Interstate Open Team Selection Final

Where team membership is determined via pairs selection trials:

The winners of the annual BAWA Country Pairs Championship will be offered direct qualification to the Interstate Open Team Selection final stage for the subsequent year.

The country champions must confirm if they intend to accept the offer as a “contending pair” by 31 December of the year preceding the relevant selection trials. There will be no cascading if the offer is declined and that place in the final will be filled from the qualification stage of the selection trials. BAWA event Substitution Regulations apply.

The numbers to proceed from the qualifying to the final selection stage will be determined by the Directing Group before the qualifying stage and with the knowledge of the number of entries.
